Re: Appointment to Lowell Telecommunications Board

The members of the School Committee need to vote to appoint a representative to the Board of Directors of the Lowell Telecommunications Corporation to represent the School Committee. Jennifer Myers has been invited to be on the Board of Directors of the Lowell Telecommunications Corporation. Jennifer is the Community Outreach Strategist for the district, handling a variety of communications duties, including outreach to families through email, phone, website and social media updates.

Jennifer's background is in journalism, having spent 12 years as a reporter for the Lowell Sun, as well as several years handling communications in non-profit organizations, municipal and state government, most recently as the Communications Director for State Sen. Ed Kennedy. She has strong relationships with many non-profit and cultural organizations in the city, many for which she has provided photography and writing services.

At LPS, Jennifer has also helped to run many of the district-wide back to school forums and video updates on Zoom. Her knowledge and continued service to our district and community would be a great benefit to LTC. I present this request to the Committee for a consideration to appoint Jennifer Myers as their representative.
